

ART FESTIVAL

NFLS students never stop to amaze the world!!!

NFLS 29TH ART FESTIVAL

As usual, the annual Art Festival arrived in mid-December, with much anticipation. Once again, the moment had arrived for each and every one of us to fully enjoy the marvelous performances displayed by our versatile students from the NFLS International Centre.

PAL and Pre-IB students seemed to be fascinated by the world-famous, yet classical drama plays, due to the fact that this year, they selected 'Romeo and Juliet' as well as 'The Phantom of the Opera' and undoubtedly, they earned the applause from the audience as a whole.

AS and DP1 seniors' presentation were expected to be more diversified for they revealed their interests mainly in the fields of music, dance and cartoon live show. AS-1 students creatively integrated iconic cartoon characters with brand new transcripts while AS-2 members combined

Japanese music and stylish dance. Moreover, admittedly, DP1 seniors had to be regarded as

imaginative as ever. DP1-1 organised their students to dress up in costumes and performed a wonderful and dramatic cartoon live show in front of us. With regard to the DP1-2 members, their act was set in the background of a advertising video with self-processed street scenes, scripts and of course, the soundtrack.
